

Capital Safety: Supporting Worker Safety

Workplace accidents are all too common and can disable workers, devastate families, and damage companies. Ensuring that employees have the training, equipment, and processes to keep them safe on the job is essential. Capital Safety's mission is to ensure that workers can provide for their families by helping them stay safe on the job. The company does this by producing high-quality fall prevention equipment that includes harnesses, lanyards, self-retracting lifelines, and safety systems for workers in the fields of construction, transportation, utility management, and energy. KKR owns companies that employ workers in many of these sectors, and we support Capital Safety's mission of providing top-of-the-line safety equipment around the world.
