

## Supporting Employee Wellness

As part of the KKR Wellness Works initiative and our commitment to align with the recommendations that we make to our portfolio companies, KKR has facilitated biometric screenings for our U.S.-based employees for the second year.

We are proud to report that KKR achieved 99 percent participation in the screenings, a one percent increase from 2012. All employees received wellness coaching and health management resources if their results indicated a health risk.

We continue to offer our flu shot program, health risk assessment, and cancer screening outreach initiative annually. In addition, we completed a Firm-sponsored global CPR/AED training and certification campaign. More than 415 KKR employees completed the online CPR training curriculum and 361 of them were certified to administer CPR and AED in an emergency situation. Fostering a culture of health and wellness is a priority for the Firm and something we plan to advance in the coming years.
